

Homework 9: TCP

1. Using the TCP simplex-talk program provided in chapter 12 of Dordal's *Introduction to Computer Networks*, and using Wireshark, capture the sequence for opening, transmission through, and closing a connection. Highlight the handshaking in the Wireshark trace.
2. Answer chapter 12 question 2.0 in Dordal's *Introduction to Computer Networks*.
3. Answer chapter 12 question 12.0 in Dordal's *Introduction to Computer Networks*.
